# Train Your CSI Team Smarter, Not Harder

INTRODUCING “RESIDENTIAL SEARCH WARRANT” - A VIRTUAL REALITY MOCK SCENE FOR CSI TRAINING

## *No* Setup. *No* Cleanup. Just Training.

Traditional crime scene training is expensive, time-consuming, and inconsistent. **Virtual reality mock crime scenes** offer a high-quality, immersive training solution allowing investigators to **train anytime, anywhere**—eliminating costly setup and cleanup.

## Case Overview

Conduct a search warrant on a residence related to a missing person case, focusing on documentation and evidence collection (eg. biological & latent print evidence, *etc*.)

- Immediate access after purchase
- **15 lessons** covering CSI fundamentals
- **Consistent training** for every investigator

### Cost-Effective & Scalable

Train multiple investigators at no additional cost with **60 days of unlimited access.**

### Multiple Applications

Use it for **new-hire training, proficiency testing, CSI employment interviews, refresher training, and academic programs.**

### Easy Access - No Special Equipment Needed

Works on **any device** with internet—desktop, laptop, tablet, or smartphone. **No VR goggles required.**

### Self-Directed Learning

**Trainees work at their own pace,** freeing up field training officers and supervisors for other tasks.
