FORENSIC WORKFLOW REVOLUTION: 5S STRATEGIES FOR SPACE & WORKLOAD OPTIMIZATION

October 29, 2024 | 1400 - 1530 EDT

COURSE DESCRIPTION

Transform your workspace into a powerhouse of productivity with the 5S tool of Lean Six Sigma—think of it as the Marie Kondo method for forensic scientists!

In this engaging webinar, you'll learn how to declutter, organize, and optimize your work environment, whether it's your lab, kit, or office. Discover how a well-structured space can boost your mental clarity, enhance your efficiency, and strengthen your teamwork.

This session is perfect for anyone looking to bring order to their workspace and elevate their work performance. Don't miss the opportunity to streamline your environment and sharpen your mind!

WHY CHOOSE US?

Our specialized training and resources bridge the gap between generic leadership courses and traditional forensic technician training, equipping you with the skills and knowledge needed for professional development in your forensic career.
