EMBRACING CHANGE: A SUPERVISOR'S GUIDE TO IMPLEMENTING TECHNOLOGY AND IMPROVING PROCESSES

March 6, 2025 | 1500 - 1600 EST

COURSE DESCRIPTION

Change is inevitable, but it's not always easy. Whether it's the fear of the unknown or the inertia of old habits, change can feel overwhelming—especially when it involves new technology or altering long-established processes. But as a supervisor, you have a critical responsibility to lead your team through these transitions, ensuring they have the tools, procedures, and mindset needed to succeed in a fast-paced, evolving environment.

Join us for a comprehensive webinar that dives deep into the how-tos of embracing change, implementing technology, and driving process improvements in your agency. Let's engage in hands-on strategies, models, and practical advice for leading your team through periods of transition.

In this webinar you will gain hands-on strategies for implementing new technology and improving workflows with minimal disruption. You'll also learn how to foster a team culture that's adaptable, proactive, and resilient to change.

WHY CHOOSE US?

Our specialized training and resources bridge the gap between generic leadership courses and traditional forensic technician training, equipping you with the skills and knowledge needed for professional development in your forensic career.
