GAP SCIENCE

LIVE WEBINAR

BUILDING RELATIONSHIPS WITH CHAIN OF COMMAND:

A PROACTIVE APPROACH

June 23, 2026 | 1100 – 1300 EST

COURSE DESCRIPTION

This webinar is designed to help law enforcement personnel develop effective, professional relationships within their department's chain of command.

Participants will learn how communication, trust, accountability, and mutual respect contribute to a more cohesive and efficient organization. The course emphasizes practical strategies for interacting with supervisors and subordinates, understanding expectations at each rank, and navigating conflict in a constructive manner.

Learning Objectives:

- Understand the roles and expectations within each level of the chain of command
- Develop effective upward and downward communication skills
- Build trust and credibility through consistent performance and accountability
- Navigate disagreements and conflict professionally
- Strengthen teamwork and morale across ranks

WHY CHOOSE US?

Our specialized training and resources bridge the gap between generic leadership courses and traditional forensic technician training, equipping you with the skills and knowledge needed for professional development in your forensic career.
