GAP SCIENCE

Strengthen Applied Learning Through Virtual Simulation

1 YEAR ACCESS TO ALL VIRTUAL MOCK SCENES FOR CSI TRAINING

No Setup. *No* Cleanup. Just Training.

Traditional crime scene training is expensive, time-consuming, and inconsistent. **Virtual reality mock crime scenes** offer a high-quality, immersive training solution allowing investigators to **train anytime, anywhere**—eliminating costly setup and cleanup.

Current VR Mock Scenes

- **Hit and Run**
- **Gunshot Suicide**
- **Business Burglary**
- **Recovered Stolen Vehicle**
- **Residential Search Warrant**
- **Sexual Assault**

More scenes coming soon!

Cost-Effective & Scalable

Train multiple investigators at no additional cost with **1 year of unlimited access.**

Multiple Applications

Use it for **new-hire training, proficiency testing, CSI employment interviews, refresher training, and academic programs**

Accessible & Technology-Friendly

Works on **any device** with internet—desktop, laptop, tablet, or smartphone. **No VR goggles required.**

Self Directed Learning

Trainees work at their own pace, freeing up field training officers and supervisors for other tasks.
